

Frequently Asked Questions

1. Can I live in a tool or storage shed?

Then answer is **NO**. Storage sheds and tool sheds are not constructed and designed for Human Habitation. Storage sheds and tool sheds are not built to the minimum standards of the 2012 International Residential Code. If you are considering buying and off site constructed dwelling make sure it is built to the minimum standards of the 2012 International Residential Code. Please refer to the document provided on this webpage under the section BUILDING DEPARTMENT ADMINISTRATION “Off Site Construction 2012 IRC”.
